

# CASHPOINT CASHIER

## Your Cash Management Solution

Designed for cash-intensive environments where security, accuracy and speed of payments is required. Suited to any venue size for dispensing till floats or manual Gaming Machine payouts. Can also be used with the CLS coin recycler.

Reduce shrinkage & theft

Manage cash dispensing and note-breaking

Integration to IGT System for gaming payout redemption (NSW)

Small secure footprint

### OPERATING

- **PIN/RFID or Card**

Each float can be allocated to a specific person.

- **Cashpoint Portal**

Large venues with multiple sites will have the ability via the portal to check live transactions 24/7 (monthly fees may apply).

- **14" High Res Touch Screen**

Intuitive touch screen that can be located on counter top.

### DISPENSING

- Payout both notes and coins from the cashier and CLS.
- Ability to dispense till floats by utilising either PIN, RFID, or card with an audit trail and log files.
- Note/ticket acceptor allows operators to secure excess cash. You can also break notes into various denominations.

### POWER

240 VAC Input (standard outlet).

### PRINTER

- Thermal
